TO WHOMSOEVER IT MAY CONCERN

This is to certify that M/s. CHENNAI CIVIL-TECH RESEARCH FOUNDATION Pvt. Ltd., Chennai, have successfully completed Third Party Inspection, and submitted a report entitled, "Assessment of Implementation of Quality control in the construction of Riviera & Rotomac building, Utility buildings and other ancillary buildings at M/s. ITC Ltd., Tiruvottiyur, Chennai".

We found them systematic and thorough in their planning to carry out the auditing work efficiently in a short period of time which included their own laboratory testing on materials as well as insitu tests on concrete (ND/PD), as required, and the assessment procedure followed by them. The report has been prepared with due care and well documented.

We found them competent for conducting proper / scientific method of various tests, either in Building material's laboratory testing, Non-destructive testing on concrete and Steel structures or as Third party inspection.

We wish them success and good future.
